GREETINGS

STRANGERS WE MAY BE, the beauty of the flowers has drawn us together, and I hope by offering you some of the Standard Flowers in varieties best suited to your garden and lawn at very reasonable prices, to merit and retain your interest. I love to get full value for every dollar I spend, and you no doubt do also. I know I please you or I lose you.

Have grown Glads for 40 years in a small way but am no world beater, a plain man of 60 with the hoe, enthusiastic over the beauties of nature and the man-made changes in flowers and fruits.

We thank you for last year's business, it was more than expected. We did the best we could, and if any person did not receive full value for every cent, sent me, please let me know. I have hunted the country over, for the best varieties and strains, not the newest novelties at outrageous prices, or I would go broke, but, the reliable standards that have stood the test of time and are holding their own.

My mission is to the common people, who LOVE the FLOWERS but have not felt able to buy them, thought they were only for those with plenty of money, as old prices were very high. It was not the price of the bulb or plant alone you pay for, they are often worth less than half the price asked, the other half is for service, and under this comes expensive catalogues, extensive advertising, clerks and hired help, by cutting this part of service close, I am able to make low prices so long as I don't spread and do more than I can see to myself. We have cut every corner to keep quality up and prices down, and now for the price of two or three movie shows, you can have a bed of beautiful flowers in your garden, all summer long, each morning giving you a more beautiful show of color than the hand of man has ever been able to produce, and at the end of the season you will have more for next year than you started with. A small investment will soon fill a yard. Gladiolus and Dahlias are so easy to grow. Pleasure and happiness cannot be measured in dollars and cents—it's a condition of the mind induced by our surroundings, make your surroundings pleasant and you have started on the road to happiness, and once started, you are pretty sure to keep climbing or planting.

You can buy most of what I have from big catalogue seed houses at double or more my prices. I can sell at one half the money as I have no over-head expenses, compare them with any, and if not more for your money don't buy mine. They are no better than other good stock but are free from disease, strong and vigorous, no better stock than mountain raised bulbs of Eastern United States.

If you need quantity, flowers, evergreens, hedge or trees, let me price them, will make it interesting. Now for the Greatest Garden of your Life.

ALL SHIPPED PREPAID (Anywhere)

TERMS:—We are too poor to carry anyones account. Do not charge for packing anything at prices quoted herein, large order, special price, different. We cannot be responsible for goods after delivery to carrier and take their receipt for same. Nor for resulting crop. If any mistakes occur by my fault, I will make them good to the extent of the purchase price. Do not fail to notify me at once. I will be glad to give full satisfaction.

If you wish insurance or special delivery, please add for it. Please try and make your order for more than \$1.00. I will give some extras on \$2.00 or more orders, but simply cannot on \$1.00 order as I have tried to give all possible at the prices quoted.

FLOWERS FREE

Boys and girls, between 12-16, write me a letter stating you will plant and care for some flowers. inclose a few stamps for postage and I will send you some, that will interest you all summer.

GLADIOLUS

We grade in three sizes—Large, Medium and Small. Prices quoted are on Medium, the surest to give fine bloom and large increases in bulbs.

You can have largest size, one and one-half to two inch at one-third more. Or the smallest, $\frac{3}{4}$ inch and less, most of which will bloom $\frac{1}{4}$ less. You may select five kinds, 20 of each to make the 100, or 4 kinds, 3 of each at dozen prices. You pay for eight and get twelve.

Dozen prices, 8 times single price.

YELLOW KING, H. C. pure yellow	.15

California Dahlia Seedlings, from a special Dahlia Hybridizer, 90% double, many superior to named ones you can't invest \$1.00 and get such a quantity of fine flowers any other way. All different, 15 for \$1.00. No collections.

If you want flowers cheaper than begging from your neighbor, I will send you 20 of a general mixture for \$1.00 prepaid.

If you order at least \$1.00 worth of Dahlias, named varieties from above list, not collections, I will add 25c worth free, of such as we have most of, perhaps better ones than you order. This will make what you order only cost two-third of the list prices. No one can do more and earn his bread and molasses. Another thing, don't suppose the high priced ones are the only good ones. Values are regulated more by scarcity than by quality. Next year high priced ones will be cheaper. Another thing, don't think size is the main thing. If it is, grow sunflowers.

The beauty lies in the delicate tints, wonderful shades, beautiful formation, of petals, the strong stem and bold carriage, vigor, ability to produce quantity of flowers.

PEONIES

Prices for good strong division, light division, 25% less, whole clumps, 3 years old, 3 times these prices, all prepaid.

ADOLPHI ROSSEAU, fine red	.75
AMERICAN BEAUTY, crimson	.30

PIERRE REIGNOUX, rose	.40
PIERRE DESSERT, dark red	.50
QUEEN VICTORIA, market, white	.25
SALFATARE, yellow, white	.30
SULPHUREA	.35
WALTER MORGAN, creamy white	2.00
WALTER FAXON, bright rose	3.00

The fall is best time to transplant, a few will be dug this spring, early, before they start, best time to move whole clumps.

SPECIAL—In digging, there are always some left. I plant these all together, and with these we lose the name of, we sell them as general mixtures. They will make plenty of fine flowers and you get a beautiful bed for one-half price. 6 for \$1.00, 15 for \$2.00, \$11.00 per 100, prepaid.

CANNAS

Dormant eyes up to May 15th, at prices below, after that time we will have rooted plants, 6 inches high, at double these prices.

City of Portland, pink, green foliage, 3½ ft.	.08
Richard Wallace, yellow flower, green foliage,	.06
King Humbert, bronze leaf, Red	.07
President, 3½ ft, King of Reds,	.08
Susquehanna, 2½ ft. pink bronze foliage, salmon	.07
Nokomis, 4 ft., Bronze, crimson.	.07
Madam Crozy, 3 ft., green, variegated	.06

IRISES

Can be transplanted anytime, the most beautiful flowers and foliage for the least care and work.

The following varieties, from white to dark purple, hard to describe without long discussion.

Lohengrin, Princess V. Louise, Standard Bearer, Pauline, Jeanne de Arc, Niheligen, Mirage, Carthusian, Ring Dove, Elenore, Mrs. Kimball, Tineae, Dr. Bernice, Dainty, King Christion.

Uniform in price, 8 for \$1.00. 20 for \$2.00.
